

MATTER WILL BE TAKEN TO COURT

Clash Between Forest Reserve Officials and the State of Montana.

Helena, Mont., Aug. 11.—A clash between the state of Montana and the forestry department of the national government over title and control of certain lands seems imminent in the immediate future. That the matter will soon find its way to the courts and be determined by the highest judicial tribunal may apparently be definitely forecast.

When Montana was admitted to statehood under the provisions of the enabling act, it was given sections 16 and 36 in each township in the state for school purposes. In many instances these had been homesteaded or otherwise disposed of and the government authorized the state to make selections from any unoccupied federal lands.

With the creation in recent years of forest reserves, officials of the latter have professed administrative powers if not actual ownership where it was seen that these sections or their sections were embraced within the boundaries of forest reserves.

Reserve Official's Action.

An apparent crisis has been reached in the matter growing out of an incident at Kalispell, where the state offered for sale a portion of section 16, lying near the town of Botton. The Great Northern Railway company was the highest bidder and purchased the eighty acres at the rate of \$75.00 an acre. The sale was conducted by Joseph Oaker, assistant register of the land office. Forest Supervisor James Dunbar, who was present, warned the bidders that the government claimed the land, which is within a forest reserve in northwestern Montana, and that it would contest the sale.

Opinion of Attorney General.

Upon Mr. Oaker's return he notified the land board of the action of the forest reserve official, and the matter was referred to Attorney General Olsen for a legal opinion. In an interview today the attorney general stated that the matter will be carried to the highest courts if necessary—that forest reserve officials had no right to violate the provisions of the enabling act, which is a solemn contract between the government and the state. However, the state having made the sale of land, it will be upheld by the courts as long as the state has the right to sell the land as intended by the forestry officials in the nature of a contest as intimated by Supervisor Dunbar.

FAULTLESS PRESCRIPTION

No Remedy for Stomach Distress and Indigestion So Perfect.

A scientific prescription for dyspepsia, put up in small tablet form and called, MIO-NA is making thousands of quick and lasting cures throughout America. There is no stomach disease (even cancer of the stomach) that it is not guaranteed to cure, and F. C. Schramm has so much faith in MIO-NA for stomach disorders of all kinds that he will refund your money if it does not cure. MIO-NA, the faultless prescription, stops sour stomach, belching of gas, distress after eating, heartburn, biliousness and nervousness.

It is well worth a trial by any reader of the Salt Lake Herald who suffers from any stomach disturbance. It contains ingredients that not only give relief, but that act on the stomach so beneficially that in a short time the fatty, tired out cells of the stomach regain their strength and activity.

Try MIO-NA for a week; misery will change to happiness; despair to hope, dull eyes to bright, and you will yourself wonder why you suffered so long with such a remarkable prescription at hand.

And only 50 cents for a large box at leading druggists everywhere.

HYOMEI

Cures cough or money back. Just breathe the fumes. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

ELIZABETH MOORE GETS MONTH IN PENITENTIARY

Sentence Imposed by Judge Booth, But Appeal Taken by Defendant.

(Special to The Herald.)

Provo, Aug. 9.—The case of Elizabeth Moore came up again this morning in the Fourth district court. Judge Booth denied the motion in arrest of judgment, which was presented Saturday and taken under advisement, and sentenced the defendant to thirty days in the state prison. Judge Booth, her attorney, gave notice of appeal to the supreme court, and defendant was released on a \$50 bond. She was convicted of an offense against chastity.

BELL PHONE CO. ASKS FRANCHISE AT PROVO

Councilman Miller Chosen Mayor Pro Tem. During Decker's Absence.

(Special to The Herald.)

Provo, Aug. 10.—Councilman Miller was elected mayor pro tem at the session of the council last evening to act during the absence of Mayor Decker in Idaho. Mr. Jensen was nominated by Councilman Carter, but withdrew in favor of Mr. Miller. Myron C. Newell was nominated by Councilman Craver.

Grant C. Bagley appeared before the council, representing the Bell Telephone company, and presented a bill for a franchise ordinance, which he said would be satisfactory to the company and, he believed, fair to the city. Mr. Bagley explained that the reason the company had not accepted the former franchise was that the company could not do business under the rate terms. The bill presented provides for a maximum rate of \$48 for business phones till the population reaches 10,000; after that \$54; a maximum rate for private phones of \$20 till the population reaches 10,000; after that \$24.

The company proposes to pay the city, in lieu of license, \$250 a year till the population is 10,000; \$500 when the population is over 10,000 and less than 15,000; \$750 when the population is 15,000 and less than 20,000; and \$1,000 when the population exceeds 20,000. The matter was referred to the committee on railroads and telegraph lines.

The resolution creating sewer district No. 11, which will include the east part of the city, was taken up and finally referred back to the committee, the city attorney and the engineer for some changes. The committee will try to arrive at some agreement with the state board of insanity regarding the use and contribution to the expense of constructing the sewer by the state mental hospital.

MRS. THOMPSON HURT.

Arm Crushed Between Hayrack and Barn Timbers.

(Special to The Herald.)

Ephraim, Aug. 10.—Mrs. Andrew Thompson of this city is recovering from an accident in which she narrowly escaped death. She was assisting her husband, who was on a hay wagon driving out of the barn, when Mrs. Thompson was caught between the hayrack and the arm of the wagon, which crushed her arm. Her arm was crushed before Mr. Thompson heard her screams and released her.

NO G. A. R. DAY AT PROVO.

Provo, Aug. 9.—The Commercial club committee which has made some preparations for a G. A. R. day in this city August 14, when it was expected a large number of the veterans would visit Provo, has ceased its labors so far as arrangements for any public demonstration are concerned. The club has decided that, owing to the extensive and complete program arranged by the Salt Lake people for the entire week, it would not be wise to attempt to bring a crowd to Provo. The people here will, however, provide beds and board for any of the veterans if Salt Lake sends them here for accommodations.

The Longest Continuous Double Track Railway in the World

Each piece spick and span—made of fine soft finished muslins, nainsooks, lawns and long cloths—trimmings of daintiest embroideries, aces, beadings and ribbons.

They're the genuine S. H. & M. kind, manufactured by the Stewart, Howe & May Co., and guaranteed under the maker's name against any imperfection whatever.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.
